## Luther Manor Continuing Precautions Related to COVID-19

**March 27, 2020 5:23 pm**

I am delighted to say that at this time, there are no new cases of COVID-19 on either of Luther Manor campuses. This remains our highest priority!

There are no significant updates since last night either, so once again here's another general update of what is happening on the campus:

- We continue to try to bring smiles to the faces of our staff and residents by little surprise and delights. Today our Director of Nursing Char and our Chief Clinical Officer Julie made it bagel day in the Health Care Center. Thank you to Halo Wound Solutions for dropping these off for us.

- For those of you looking for ways to help, we are in search of around 180 homemade masks for our Terrace residents to use for when they have to leave their apartments. I've attached two suggested ways to make them correctly, one from Froedert and the other from Children's Hospital. Any help is appreciated!

- We thought we'd remind everyone of what it was like before Coronavirus, so here is a photo of our annual Christmas Pageant event with everyone together and not 6 feet apart! December seems so long ago!

- Now here is the after Coronavirus shot of Shari, one of our Life Enrichment team members playing bingo with the residents in that hallway. I think it was Dale Carnegie that said many years ago, you should do everything in your power to make a situation better and then you have to let it go! Good advice Mr. Carnegie!

- More fun stuff here with the daffodil delivery continuing today and Rachel, our volunteer specialist delivering coffee and Girl Scout Cookies in the Health Care Center donated by local troop # 10519.
