Luther Manor Continuing Precautions Related to COVID-19

July 1, 2020 4:00 pm

Good evening from Luther Manor. I've received a few emails from the *Patrick Hansen fan club* this week so want to report that he is taking a well-deserved week off with his family and will be back on Monday at the helm of our external communications efforts.

All restrictions remain in place. Phase II of the Terrace reopening is underway - three days in and so far, so good.

Shout Outs of Thanks!

- **Thank you to all the families that have participated in our “Sharing God’s Love” services.** We have many families that talk to their loved ones by phone every day, engage using our FaceTime services to stay connected or send plants, flowers and treats to bring smiles. Even the smallest, most mundane efforts really do matter to residents and our staff.
- Thank you to **Mike Driscoll and his generous sewing friends from Froedtert’s nursing team for the cloth face masks.** This is their third round of donations - recognizing that while things have improved, heightened precautions to combat the virus are ongoing and as important as ever. We continue to provide cloth masks to any resident or staff member who requests one thanks to the continued generosity of people like Mike.

Campus Update

- We are very happy to report that results from the first two groups of Courtyards staff who were tested this weekend and Monday are back and they are **ALL negative**. We expect results from the remaining few by Thursday and will let you know. Working with the department of health, we have decided to test the Courtyards staff every week for the next several weeks until we are certain we've contained the virus in that program.

Campus Happenings

- Yesterday, Cherie Swenson - Executive Director of Donor and Advocacy Engagement - had a great time delivering a special thank you to our Terrace residents who are Heritage Partner Society. Members include those who include Luther Manor or the Luther Manor Foundation in their charitable estate plans. At this time of year, we typically host a Thank You lunch for the members. With COVID restrictions in place, gathering for lunch wasn't an option so instead we delivered desert. Today, Cherie began delivering the thank you cards to

members in the community - masked and social distanced of course. We are very grateful to our Heritage Partner donors who believe in Luther Manor's mission and wish to leave a legacy that brings abundant living to older adults well into the future.

The safety of our residents and staff remain our top priority and we will continue with our protocols, precautions and daily screening of staff and all Health Care Center and Assisted Living Residents. Thank you for your ongoing support and inspiration.
