Luther Manor Continuing Precautions Related to COVID-19

July 8, 2020 4:37 pm

Good Evening from Luther Manor. The safety of our residents and staff remain our top priority and we will continue with our protocols, precautions and daily screening of staff and all Health Care Center and Assisted Living Residents. All visitor restrictions remain in place. The Terrace Independent Living program remains in Phase II reopening.

Thank you for your support, partnerships and commitment to our residents and staff as the pandemic continues to evolve. Please continue to connect with your loved ones as often as you can. Don't forget our Sharing God's Love team is here to help! Just email SharingGodsLove@LutherManor.org to get started.

Shout Outs of Thanks!

- **Thank you to Kathy Mehnert from Scottsdale, AZ for her newest round of face masks, with elastic straps.** These came at a great time as many of our independent residents have a hard time with the tie versions and we were very low on this type! Kathy helps hospitals with these too and we are so grateful for being included in her generosity!

Campus Happenings

- I believe you all know we have our own in-house television channel, one of the new features we developed during the pandemic is a morning prayer that includes an update on anything Covid related and attempts to keep things light, with jokes, knowledge and some fun. One of the things we share each day is a segment we call "Look for the good", as we recognize with Covid-19 it's easy to become negative or find the bad in what is happening. Beth Eubank has been a regular contributor to our "Sharing God's Love" program and I just had to smile when she sent this late last week:) Thanks Beth!

Campus Updates

- We continue with our diligent focus on using PPE, proper hand hygiene, social distancing, and resident and staff screening. As you can imagine, there is a constant need to *inspect what we expect* as the saying goes to ensure that over these long three plus months of the pandemic, we remain vigilant and alert to areas that could create a risk. Our newest addition involves heightened cleaning protocols in areas of the Terrace that are reopening, outdoor seating, conducting screenings on independent living residents returning to the building and restricting staff movements. It's requiring new scheduling practices and redeploying staff to tackle these areas. Thanks to our staff who are making it happen. #KeepingItReal
- We appreciate all of the families that continue to engage with their loved ones. Sadly, we do have a fair number of residents who do not have a lot of family or friends that are calling or sending them letters. We appreciate all the encouragement we have received thus far and would be very delighted to load up our Sharing God's Love Team with more to share. If you have any time or know of groups that might be able to drop a resident a note, we would be very grateful and will happily get these in the hands of those residents in the most need!
