

Luther Manor Continuing Precautions Related to COVID-19

August 21, 2020 4:24 pm

Good Evening from Luther Manor. The safety of our residents and staff remain our top priority and we will continue with our protocols, precautions and daily screening of staff and all Health Care Center and Assisted Living Residents. All visitor restrictions remain in place. This includes outside visits only for our Terrace Independent Living Residents.

Thank you for your support, partnerships and commitment to our residents and staff as the pandemic continues to evolve. Please continue to connect with your loved ones as often as you can. Don't forget our Sharing God's Love team is here to help! Just email SharingGodsLove@LutherManor.org to get started.

Shout Outs of Thanks!

- **Thank you to Mary Tollander for teaching again!** This time she channeled the cool college professor who took their class outdoors, teaching our Terrace residents TimeSlips! Outside class makes the students look pretty cool too, but come on bringing a dog to school is over the top:)

Campus Happenings

- Another month of COVID-19 under our belts and another centenarian celebration! This time Millie celebrated her 101st with some from our Terrace team and then her first zoom birthday party:) If we all could look so good at 101!!!!

Campus Updates

- Following up on our Monday and Wednesday communication when we shared that a Courtyard resident tested positive for COVID-19. All the remaining Courtyard resident tests came back negative and all of the staff test results that have come in thus far were also negative. We expect the remaining results to be in by early next week. The resident who tested positive continues to receive care in our health care center observation unit that is designed for COVID patients. Our heightened precautions and ongoing monitoring help to mitigate the spread when someone does become ill. We will keep you updated as the staff test results are returned.

Our top priority continues to be stopping this virus and doing our best to keep COVID-19 from spreading. We will continue to do our best to connect personally with each resident and strive to enrich the mind, body and soul of our residents regardless of what phase of reopening we are in.
