

## Luther Manor Continuing Precautions Related to COVID-19

April 27, 2020 6:17 pm

Good evening from Luther Manor. There are still no newly acquired cases of COVID-19 on either of Luther Manor campuses. This continues to remain our highest priority.

Thank you for the continued support and the communication you provide to your loved ones and that we share with our remarkable team of employees. Please don't let up, we know this is hard on everyone and we need to keep those spirits up!

### Shout Outs of Thanks!

- Thank you Ava, Lauren and Hannah from Christ King Parish School in Wauwatosa for the incredible handmade cards full of inspiration! Our youth continue to give so much hope for the present and future! Here is one of them.

Laughter is  
the shortest  
distance between  
two people."  
-Victor Bourge

"Smiling is good for  
the heart, laughing  
is good for the soul,  
and Loving will  
keep you living,  
laughing, and  
smiling" -Paul  
chucks

Dear friend,  
I hope you are  
doing well in this  
time of uncertainty.  
Remember you are  
never alone! You  
will be in my  
thoughts and  
prayers ♡.

-Ava ☺

# LUTHER MANOR

A Life Plan Community

- **Thank you Fred and Ann Schroedl** from Hartford for the incredible postcards for us to share with our residents' through our partnership with Time Slips!

## Campus Update

- Because our team has become such students of the Covid-19 virus we have become intimately knowledgeable about it. With that said, we thought we would share a couple of the more interesting sections, that due to so much conflicting information out there would be helpful to you all. The first is the World Health Organization's "Myth Busters" and the second is the CDC's "Stop the spread of rumors" section:
  - <https://www.who.int/emergencies/diseases/novel-coronavirus-2019/advice-for-public/myth-busters>
  - <https://www.cdc.gov/coronavirus/2019-ncov/daily-life-coping/share-facts.html>

## Campus Happenings

- With everything that has transpired over the past couple of months and the lack of new rules that have come down from the CDC or DOH we hope our breath catching time allows us to continue thanking those that have helped our residents and staff remain safe for such a long time. With that in mind we'd like to highlight our Nurses, Caregivers and Resident Care Associates. This team has been amazing since day one, without wavering. Some thoughts that come to mind:
  - Showing incredible teamwork and flexibility
  - Checking vitals 3 times daily looking for any changes in condition
  - Having the patience of a saint
  - Smiling through their masks all day long
  - Adapting to multiple changes, in some cases by the day, hour or minute
  - Giving when their own families wanted them home
  - Being fearless and selfless

This was all summarized early in the pandemic, when one Caregiver was being thanked for being here by Stephanie Chedid. The Caregiver casually and matter of factly said "of course they need us". I think that represents our mission of "Sharing God's Love" pretty well!
