

Luther Manor Continuing Precautions Related to COVID-19

July 10, 2020 4:55 pm

Good Evening from Luther Manor. The safety of our residents and staff remain our top priority and we will continue with our protocols, precautions and daily screening of staff and all Health Care Center and Assisted Living Residents. All visitor restrictions remain in place. The Terrace Independent Living program remains in Phase II reopening.

Thank you for your support, partnerships and commitment to our residents and staff as the pandemic continues to evolve. Please continue to connect with your loved ones as often as you can. Don't forget our Sharing God's Love team is here to help! Just email SharingGodsLove@LutherManor.org to get started.

Shout Outs of Thanks!

- **Thank you to Michael Driscoll, Managing Director for Sheridan Road Financial for the big bag of face masks.** Each new resident and staff member get two masks once they move in or start employment, so we continue to have needs.

Campus Happenings

- Some things never change with people related business. Although not exciting to most, we have been doing a fair amount of outdoor work to stay fresh and relevant. This includes exterior painting updates with a more modern color. Take a look and we hope you like it!
- For family members dropping items off for their loved ones, we tried to make things more convenient and have created two (2) reserved spots outside of the HCC entrance. On top of this, we have had quite a few vehicles backed-up at times and because we need to keep room for emergency response vehicles, we ask that you help us keep this drive clear.

We can also help if you have a lot, so if a family member needs assistance bringing the items in, please call the HCC desk at 414-464-3880 and we would be happy to come out as soon as we can and assist bringing the items in. Thank you for your help!

A Life Plan Community

Campus Updates

- Our phased approach in Independent Living continues to work well and our 14 day wait without any Covid cases passes on Monday. Therefore, our newest phase includes:
 - Our beauticians are returning starting next week Monday to help those residents catch up on their hair. This requires a lot of new disinfection protocols, protective measures and limitations that slow down the number of residents they can get their hair styled and/or cut.
 - Our Independent Living exercise rooms are also opening starting Monday, again with strong protocols, access by appointment only and ongoing disinfecting.
- **Have a wonderful weekend and continue to practice safety precautions to stay healthy yourself. We will take a break from sending the update over the weekend.**
