Luther Manor Continuing Precautions Related to COVID-19

July 13, 2020 5:45 pm

Good Evening from Luther Manor. The safety of our residents and staff remain our top priority and we will continue with our protocols, precautions and daily screening of staff and all Health Care Center and Assisted Living Residents. All visitor restrictions remain in place. The Terrace Independent Living program starts Phase III reopening today.

Thank you for your support, partnerships and commitment to our residents and staff as the pandemic continues to evolve. Please continue to connect with your loved ones as often as you can. Don't forget our Sharing God's Love team is here to help! Just email SharingGodsLove@LutherManor.org to get started.

Shout Outs of Thanks!

- **Thank you to April from Northwestern Mutual** for all the incredible cards and pictures you colored for our residents. The scan does not do justice to the bird drawing you shared. However; Mr. Lemke, one of our Health Care Center residents, loved it so much he wanted me to share one of his own drawings with you. April, please drop me a note so I can make sure I forward you the original.

Campus Happenings

- I had an inquiry on how to best use our Sharing God's Love program, so for those of you newer to this update I thought it would be helpful to share how it works. Whether you use the Sharing God's Love form on our website or you simply send us an email at sharinggodslve@luthermanor.org the result is the same. This forum was created to help keep families connected while face to face visits are prohibited, and for friends and the greater community to send us notes, pictures, poems, prayers, etc that provide encouragement and communication for residents and staff during this crisis. Our team reviews the submissions and will either print them to share or read personalized ones to residents. We also post

them to employee common areas on notice boards, TV monitors and I will sometimes read them during my morning prayer and update for all to see/hear. In addition, families can request FaceTime visits with residents through the Sharing God Love email address or website form. I hope this helps, yet please do not hesitate to let me know if you have any questions.

Campus Updates

- Our phased reopening in Independent Living continues to go well and we've passed the 14 day wait period without incident of a COVID case. With this, we are moving forward with Phase III and our beauticians returning. This phase also includes the reopening of our Independent Living exercise room. These are both by appointment only so that proper disinfecting can occur between appointments. We should have a couple more items as part of Phase III coming next week. Watch for additional details later in the week.
