

Luther Manor Continuing Precautions Related to COVID-19

July 24, 2020 4:15 pm

Good Evening from Luther Manor. The safety of our residents and staff remain our top priority and we will continue with our protocols, precautions and daily screening of staff and all Health Care Center and Assisted Living Residents. All visitor restrictions remain in place, although the Terrace Independent Living reopening phased plan should re-start again on August 4th, bearing any new positive COVID test.

Thank you for your support, partnerships and commitment to our residents and staff as the pandemic continues to evolve. Please continue to connect with your loved ones as often as you can. Don't forget our Sharing God's Love team is here to help! Just email SharingGodsLove@LutherManor.org to get started.

Shout Outs of Thanks!

- **Thanks for the Dave Hartig family** for the wonderful treats to share with our River Oaks staff! You have been a huge supporter and cheerleader for our team since the COVID-19 crisis started!

- **Thank you to Caitlin from Wilmington, NC** for all the handmade cards you made for our residents!

Campus Updates

- As we continue to evolve and find ways to keep residents safe, catch any illnesses early, ease restrictions smoothly and simplify processes, we rolled out a new toy in the Terrace yesterday. Prior to the pandemic starting we researched and ordered new technology to help us screen visitors, get them name badges

LUTHER MANOR

A Life Plan Community

upon entering and retain necessary records. Since COVID-19 started we have been waiting to use this; however, the software has been updated to allow us to do that same screening for residents when they return from leaving campus now. It is a self-administered process to collect data on vitals, records temperatures and allows us to do so 24 hours a day so residents do not have to go to the Health Care Center reception desk after hours. We started with these for Terrace Independent Living residents, so residents can check their temperatures on their own on a daily basis and we will be ready to use for visitors once restrictions are lifted. Here are the screening stations for our CD and STU entrances.
