

## Luther Manor Continuing Precautions Related to COVID-19

**August 10, 2020 4:27 pm**

Good Evening from Luther Manor. The safety of our residents and staff remain our top priority and we will continue with our protocols, precautions and daily screening of staff and all Health Care Center and Assisted Living Residents.

Thank you for your support, partnerships and commitment to our residents and staff as the pandemic continues to evolve. Please continue to connect with your loved ones as often as you can. Don't forget our Sharing God's Love team is here to help! Just email [SharingGodsLove@LutherManor.org](mailto:SharingGodsLove@LutherManor.org) to get started.

### Shout Outs of Thanks!

- **Thank you to Carter's Creations in Milwaukee (near Whitefish Bay), that sold us the vessels for last week's gladiolas at cost and the Metro Market on State St. in Wauwatosa, who sold us the flowers at a deep discount.** Both of these businesses' generosity contributed to allowing for the Blacks donation to go further! Here are some photos from our River Oaks gladiola presentation.

### Campus Happenings

- Wrapping up our theme of wisdom from Seniors, we'd like to introduce you to Dr. David Moberg, our fourth Summer Sage. If we listen, we will learn!

A Life Plan Community

David has this to say to future generations: Trust in the Lord with all your heart. The oldest son of a pastor, David took his experience growing up in a Swedish Baptist church in Chisago County, Minnesota, to lifelong work studying the role of religion in aging. As his contributions to the field grew, he called for Christians to take action against social evils.

After earning his BA, MA and Ph.D. at Seattle Pacific University, the University of Washington and the University of Minnesota, respectively, David began his career in higher education teaching sociology at Bethel College in St. Paul, Minnesota. There, his career specializing in the sociology of religion and aging developed. After 18 years, he was appointed a Professor of Sociology at Marquette University from which he retired as Professor of Sociology Emeritus.

In David's 98 years, he has been a son, brother, soldier, husband, father, and professor. On a Monday morning visit for the purpose of this piece, he set aside his Bible to talk. Religion is important, he says, but Christ is more important. Once called the "godfather of the religion and aging research field," David's writings from the 1950s and since remain relevant.

In 2020, a year that will be remembered for a global pandemic that paused lives and shuttered livelihoods and a replay of racial tensions, the writings and teachings of this evangelical intellectual whose voice grew in the 1960s, David Moberg's lessons are pertinent. If you are wondering what is next or want to forge your own path of action in tumultuous times, take his advice to heart: Trust in the Lord.
