Luther Manor Continuing Precautions Related to COVID-19

August 24, 2020 4:43 pm

Good Evening from Luther Manor. The safety of our residents and staff remain our top priority and we will continue with our protocols, precautions and daily screening of staff and all Health Care Center and Assisted Living Residents. All visitor restrictions remain in place. This includes outside visits only for our Terrace Independent Living Residents.

Thank you for your support, partnerships and commitment to our residents and staff as the pandemic continues to evolve. Please continue to connect with your loved ones as often as you can. Don't forget our Sharing God's Love team is here to help! Just email SharingGodsLove@LutherManor.org to get started.

Shout Outs of Thanks!

- **Thank you to Laura Baciano, from Spring Hill, FLA** for the steady stream of encouraging cards you've been sending!
- **Thank you to Janet Arnold-Grych from Whitefish Bay and Danita from New Berlin, both Northwestern Mutual employees** that took time out of their day to create and send several cards and words of encouragement.
- **To reinforce the importance of the cards, pictures and treats that so many have been incredibly generous to share... we have a fair share of residents that do not have a lot of friend and family support outside of Luther Manor. Your partnership in this encouragement is essential! With COVID-19 restrictions, this encouragement is just as important for our residents that do have outside support!**

Campus Happenings

- As we continue our efforts to enrich our residents' mind, body and soul, here is another edition of our COVID-19 Concert Series! Here Craig Siemsen performs his best Folk music for our Terrace Independent Living residents.

Campus Updates

- Following up on last week's communication when we shared that a Courtyard resident tested positive for COVID-19. More of our remaining Courtyard staff tests came back negative today, yet we still have two test results we are waiting on. The resident who tested positive continues to receive care in our health care center observation unit that is designed for COVID patients. Our heightened precautions and ongoing monitoring help to mitigate the spread when someone does become ill. We will keep you updated as the staff test results are returned.

Our top priority continues to be stopping this virus and doing our best to keep COVID-19 from spreading. We will continue to do our best to connect personally with each resident and strive to enrich the mind, body and soul of our residents regardless of what phase of reopening we are in.
