## Luther Manor Continuing Precautions Related to COVID-19

August 7, 2020 4:19 pm

Good Evening from Luther Manor. The safety of our residents and staff remain our top priority and we will continue with our protocols, precautions and daily screening of staff and all Health Care Center and Assisted Living Residents.

Thank you for your support, partnerships and commitment to our residents and staff as the pandemic continues to evolve. Please continue to connect with your loved ones as often as you can. Don't forget our Sharing God's Love team is here to help! Just email [SharingGodsLove@LutherManor.org](mailto:SharingGodsLove@LutherManor.org) to get started.

### Shout Outs of Thanks!

- **Thank you to Lindsey and Tray Black! Lindsey is the granddaughter of our Terrace Resident Inga Harwick** and they made a donation to provide a fresh flower arrangement for our weekly Sunday Church services. With the Church services only being held on our in-house TV channel, we appreciate the Black's flexibility in allowing us to instead deliver a gladiola to every resident at Luther Manor and River Oaks to brighten their day. Here, Kathy from Life Enrichment and Lori from Pastoral Care carefully prepare them for delivery and Jo poses with her gladiola.

### Campus Happenings

- Continuing our theme of wisdom from Seniors, we'd like to introduce you to Gary Daniels our third Summer Sage. If we listen, we will learn!

Gary Daniels' lessons for the next generation are given by example: work hard and get an education. Gary's four children listened, even following in his footsteps, working at Luther Manor. At one point in time, his entire family worked here. Although he is one of our longest-serving employees, his tenure at Luther

Manor is eclipsed by his wife, Stephanie's, who was already working there when she encouraged him to apply more than 30 years ago.

The importance of hard work and education was instilled in him by his Mom when he was growing up in Milwaukee during the civil unrest of the 1960s. He remembers the Third Street riot of 1967, and worries that Milwaukee might be returning to a period of violence, but hopes that isn't the case. "You couldn't go anywhere without being afraid," he said.

During that time, Gary looked to Father Groppi, a local Milwaukee Priest remembered as a Civil Rights leader who his mother knew, and Martin Luther King, Jr., for guidance. "His words got to me," he said. "They still do today."

Gary was just a child when Dr. King was killed, but he remembers seeing the sadness in his Mom and Stepdad. In response, though, he's not sought to keep his own children from experiencing the challenges we face as a society. "Sometimes they need to learn on their own," he said.

Therein might lie the most valuable lesson of all.

## Campus Update

# LUTHER MANOR

A Life Plan Community

- A few of our Luther Manor clinic partners will resume services on Monday, August 10th. These services are available to all residents on the Wauwatosa campus. Please note that not all of the physicians are coming in just yet, so residents should contact Donna or Cheryl in the clinic to make appointments and confirm availability.

Access to the clinic through our campus hallways is restricted because it is located in the Health Care Center. As a result, we have arranged for our Terrace residents to use our Luther Manor's transportation services if needed for a ride to the main entrance. Pick up and drop off locations are at the CD and STU entrances. Residents should contact Katie or Linda to arrange for transportation. All Health Care Center and Courtyard residents will be transported with the assistance of staff inside of the building.
