A Life Plan Community

Luther Manor Continuing Precautions Related to COVID-19

March 22, 2020 5:51 pm

At this time, there are no positive cases of COVID-19 on the Luther Manor campus, this includes residents and staff. This remains our highest priority! We continue to work tirelessly to implement the newest protocols, precautions and recommendations from the CDC for infection control purposes and ultimately to do everything we can to reduce the risk of the Coronavirus.

There are no significant updates since last night. We continue monitoring residents and urging our Independent Living residents to self-screen every day. All staff are screened and continue to wear masks, and our commitment to communicating with all of you remains.

Speaking of staff, they continue to amaze us during this challenging time with their compassion, selflessness and caring service to our residents and each other. We cannot thank them enough for sticking together, venturing into new roles and keeping a positive attitude. At Luther Manor, we like to practice showing kindness “through” our masks. Our residents will hear smiles in our voices and see smiles in our eyes, as there is more than one way to convey compassion in these trying times.

At Luther Manor, our number one priority is always the health and safety of our residents, staff, providers and the community. Dealing with COVID-19 virus is constantly evolving. We will continue to monitor this situation very closely and thank you for support and encouragement.

If someone shared this with you, you can subscribe to email updates by sending an email to CovidUpdates@LutherManor.org. You can also visit our website at www.luthermanor.org. Updates will also be posted to our Facebook page, Lastly, a Hotline is available for recorded updates. Call 414-831-9389.
