

Luther Manor Continuing Precautions Related to COVID-19

September 14, 2020 4:33 pm

Good Evening from Luther Manor. The safety of our residents and staff remain our top priority and we will continue with our protocols, precautions and daily screening of staff and all Health Care Center and Assisted Living Residents. All visitor restrictions remain in place. This includes outside visits only for our Terrace Independent Living Residents.

Thank you for your support, partnerships and commitment to our residents and staff as the pandemic continues to evolve. Please continue to connect with your loved ones as often as you can. Don't forget our Sharing God's Love team is here to help! Just email SharingGodsLove@LutherManor.org to get started.

Shout Outs of Thanks!

- **Thank you to the “Kids Impact Community” organization and our contact Kitty Janus** for impacting the youth in Milwaukee County in a positive way and sharing their “Lawn of Love” with Luther Manor. The Courtyard residents have already loved it since this went up over the weekend. We will move it around the campus between now and the end of the month, in case anyone forgot how loved they are! How could they forget after seeing this beautiful display!

Campus Happenings

- Reminder tomorrow, September 15th we are reopening the Park Terrace Dining Room for lunch and dinner for our Terrace Independent Living residents.

LUTHER MANOR

A Life Plan Community

Advanced reservations at the two seating times at both lunch and dinner are required.

During the pandemic, we moved to meal delivery in all program areas. In the Terrace, residents circled their meal selection from a weekly calendar and the items were delivered. Now with the dining room opening, residents will select the meal and a dining time to reserve their spot at a table. They can coordinate reservation times with their friends, yet tables will only accommodate two per seating. We are hoping that the chance to see one another in the dining room and hallways will be a welcome experience while they take turns sitting with one another - two at a time. Residents can continue to select meals for delivery as well.

In person dining, COVID style, is a new process and may be confusing as everyone adjusts. We hope providing you with the information helps you support your loved ones as they try this new option. If there are questions please let me know and we will work through any special requests or needs. Thank you as always for your partnership in helping your loved ones thrive, as best as possible under the COVID-19 conditions!
