## Luther Manor Continuing Precautions Related to COVID-19

**September 4, 2020 4:26 pm**

Good Evening from Luther Manor. The safety of our residents and staff remain our top priority and we will continue with our protocols, precautions and daily screening of staff and all Health Care Center and Assisted Living Residents. All visitor restrictions remain in place. This includes outside visits only for our Terrace Independent Living Residents.

Thank you for your support, partnerships and commitment to our residents and staff as the pandemic continues to evolve. Please continue to connect with your loved ones as often as you can. Don't forget our Sharing God's Love team is here to help! Just email [SharingGodsLove@LutherManor.org](mailto:SharingGodsLove@LutherManor.org) to get started.

### Shout Outs of Thanks!

- **Thank you to Kim and Lucy Mancinelli from Bayside** for the lovely scripture and absolutely beautiful homemade artwork for us to share. I read the scripture and shared the artwork during my Thursday morning Luther Manor TV prayer and update.

### Campus Happenings

- Our Life Enrichment staff, starring music therapist Yaping Liu, brought back our Hymn Sing Along activity. Residents love hearing their favorite hymns: Amazing Grace, Great is thy Faithfulness, What a Friend We Have in Jesus. Sometimes it's just about being present and listening (like when I don't want to ruin a choir by singing along in church) or its toe tapping, head rocking, clapping hands and requesting songs for Yaping to play. It's easy to see why our Life Enrichment team members love their jobs!

You might notice the tape on the floor, as this room is a great space surrounded by windows that we can disinfect and reuse for other small group events. Because we are limited to six residents at a time this helps us with non-verbal communication on social distance placement and allows us to adhere to standards while pushing the limits to meet our resident's enrichment needs.

### Campus Updates

- As we continue our efforts to keep residents and staff safe from COVID-19, we thought it would be fun to share the growing number of activities we've completed. As of last week, we have conducted over 143,000 staff screenings and resident vitals checks. Both of these efforts are helping us catch symptoms quickly and take swift action to ensure proper care and contain the spread. It's been a herculean effort. Now do you see why we were seeking resident volunteers to help:)

**We will be taking a long weekend off from sending our Update so watch for our next email on Wednesday, September 9. We hope you have a great Labor Day weekend!**
