Luther Manor Continuing Precautions Related to COVID-19

October 14, 2020 4:39 pm

Good Evening from Luther Manor. The safety of our residents and staff remain our top priority and we will continue with our protocols, precautions and daily screening of staff and all Health Care Center and Assisted Living Residents. All visitor restrictions remain in place.

Thank you for your support, partnerships and commitment to our residents and staff as the pandemic continues to evolve. Please continue to connect with your loved ones as often as you can. Don't forget our Sharing God's Love team is here to help! Just email SharingGodsLove@LutherManor.org to get started. The encouragement has dwindled a bit, so we sure could use an injection of positivity for our residents and staff right now.

Campus Updates

- On Monday we shared that the Department of Health had us retest staff and residents of the Courtyard Assisted Living for COVID and test all Health Care Center residents and staff as a precaution. All Courtyards tests are back and revealed that four additional Courtyards residents and two staff members are positive for COVID-19. These residents were transferred to our COVID specialty unit in the Health Care Center and staff are quarantining at home.

Results of the resident tests in the Health Care Center are ALL negative. About 25% of the remaining staff tests have been returned and they too are negative. Given the additional cases today, the Department of Health will have us test residents and staff in the Courtyards again on Thursday or Friday, and likely every 48 hours until all tests are negative. Re-cleaning and disinfecting efforts continue and today, a third party organization was brought in to conduct a whole house disinfecting cleaning in the Courtyards.

Once again we want to thank the families and loved ones for your understanding as we take swift action to care for those affected and protect everyone else. We continue working closely with the Wauwatosa Department of Health on steps to contain the spread and as always, will keep you informed.
