Luther Manor Continuing Precautions Related to COVID-19

October 30, 2020 4:50 pm

Good Evening from Luther Manor. The safety of our residents and staff remain our top priority and we will continue with our protocols, precautions and daily screening of staff and all Health Care Center and Assisted Living Residents. All visitor restrictions remain.

Thank you for your support, partnerships and commitment to our residents and staff as the pandemic continues to evolve. Please continue to connect with your loved ones as often as you can. Don't forget our Sharing God's Love team is here to help! Just email SharingGodsLove@LutherManor.org to get started.

Shout Outs of Thanks!

- **Thank you to our Dental Partner, Dr. Chuck Hajinian** for his service in our clinic and house calls service during this pandemic, to help our residents with their dental hygiene! We all might take it for granted, but we certainly shouldn't especially with all the Halloween candy we'll be eating this weekend!

Here is an update and reminder for your loved ones for any of their dental needs:

Dear Resident,

We want you to know that I and my staff are available for dental services at the updated Luther Manor dental clinic.

We bring the most updated equipment and supplies for your good care. We are again able to offer dental cleanings and checkups. For most of you it has been over a year or more since your last dental check up and cleaning. We don't eat dinner on dirty breakfast plates — your teeth need cleaning after all this time. Call Dr. Chuck at 262-352-4140 for a current appointment.

We have a wonderful service called our "Brush and Floss" program. This involves a specially trained dental hygienist coming to your room and thoroughly brushing and flossing your teeth. This can be done twice or four times a month. It is not covered by any insurance, yet the benefits in protecting the dental work and maintaining healthy gums is priceless. Call today to enroll.

Good days are ahead. We will get through this as we have every challenge in many of your long-life journeys.

A clean mouth leads to a healthy body.

*Dr. Chuck Hajinian, DDS
Dental Consultant for Luther Manor
262-352-4140*

Campus Updates

- There have been no new residents or staff members that have come back positive with COVID-19 in the Courtyards or the Health Care Center. We will continue reinforcing our PPE usage, disinfecting and infection control protocols.
- For those who follow the positivity rate of COVID tests in our area, you may have heard Milwaukee County has exceeded the 10% level as of this week. CMS established routine testing frequency requirements based on this rate. With Milwaukee County reaching 10%, we will increase our Health Care Center staff testing to twice a week, for at least the next two weeks. Because of our past positive case in the Courtyard, the Department of Health will continue directing our testing in the Courtyards. These tests will continue next week and we will keep you updated on the results.
