## Luther Manor Continuing Precautions Related to COVID-19

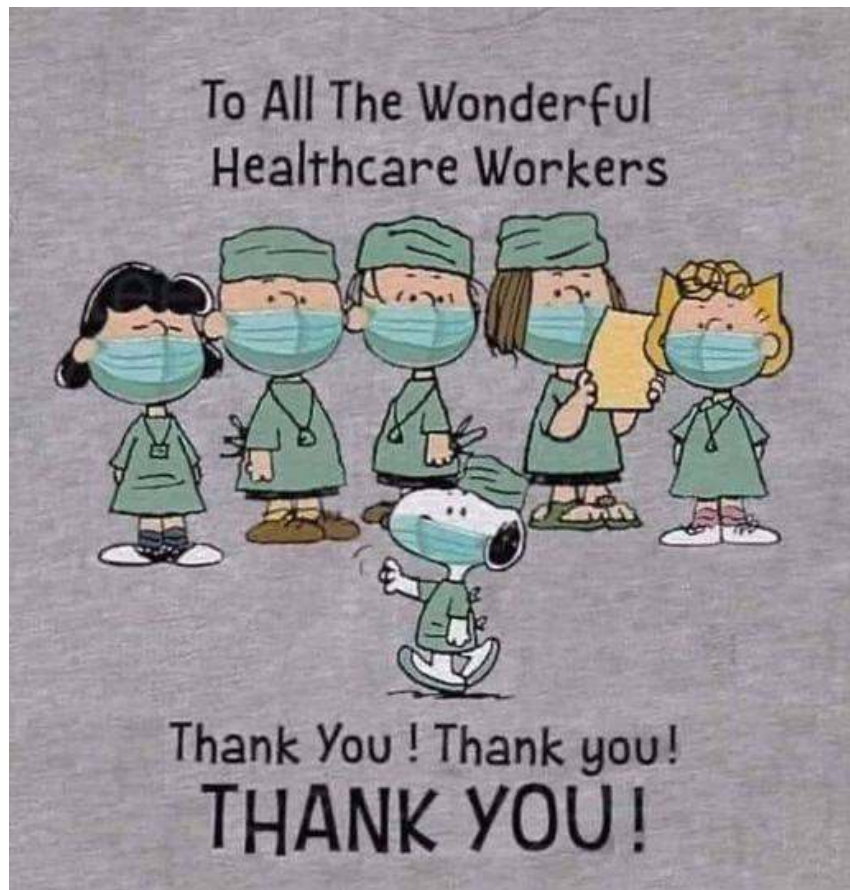

November 18, 2020 5:20 pm

Good Evening from Luther Manor. The safety of our residents and staff remain our top priority and we will continue with our protocols, precautions and daily screening of staff and all Health Care Center and Assisted Living Residents. All visitor restrictions remain.

Thank you for your support, partnerships and commitment to our residents and staff as the pandemic continues to evolve. Please continue to connect with your loved ones as often as you can. Don't forget our Sharing God's Love team is here to help! Just email [SharingGodsLove@LutherManor.org](mailto:SharingGodsLove@LutherManor.org) to get started.

### Shout Outs of Thanks!

- **Thank you to all of our incredible Nurses, CNAs, CRAs, Rehab Specialists and all those who support them! A special thanks to all our partners at the area hospitals and clinics that are seeing such a large influx of COVID-19 patients and continue to give to those in need!**

- **Thank you to Beth Eubank** for sharing the awesome spiritual reminders, inspirational quotes and appreciation every day like the above Peanuts comic.

## Campus Update

- Our routine COVID-19 testing continues and all results have come negative for both the Health Care Center and Assisted Living programs. All employees continue to be screened as they arrive and leave work each day. If any symptoms are present, the employee is tested immediately and sent home with further instructions. Residents in our clinical programs are being screened for symptoms three times a day. Our heightened precautions and ongoing monitoring help with early detection and to mitigate the spread when someone does become ill.

As part of our reopening plan, in person visits continue in the non-quarantined units of the Health Care Center and we are preparing for when the other units and the Courtyards come out of quarantine. Families will receive instructions from our staff on how to arrange indoor visits so please be on the lookout for that communication. When you do come in to visit, PLEASE follow all of our guidelines - as difficult as some may be - to help mitigate the chances of infecting our residents and staff. Just like in the community - YOU can stop the spread of COVID!
