## Luther Manor Continuing Precautions Related to COVID-19

January 19, 2021 4:06 pm

The safety of our residents and staff remain our top priority and we will continue with our protocols, precautions and daily screening of staff and all Health Care Center and Assisted Living Residents. All visitor restrictions remain.

Thank you for your support, partnerships and commitment to our residents and staff as the pandemic continues to evolve. Please continue to connect with your loved ones as often as you can. Don't forget our Sharing God's Love team is here to help! Just email [SharingGodsLove@LutherManor.org](mailto:SharingGodsLove@LutherManor.org) to get started.

### Shout Outs of Thanks!

- **Thank you, to the Tiger Den of Cub Scouts Pack #155, from Wauwatosa** for the touching pictures and cards to cheer our residents up. Your act of kindness and generosity is so appreciated, keep up the great work! And we love you too Cub Scouts!

### Campus Happenings

- The Wisconsin Department of Health Services just announced that residents age 65 and older can begin receiving the vaccine as of January 25th. Here is the article. <https://www.dhs.wisconsin.gov/news/releases/011921.htm>

We have not received confirmation from Walgreens on a date to vaccinate our Independent Living residents. Without that certainty and the national death toll from COVID nearing 400,000 we ask you to work with your loved one **to contact**

**their personal, primary care doctor about getting the vaccine through their clinic. You can also help them monitor the availability of vaccines at local pharmacies such as Walgreens and CVS with the hope to get their vaccine as soon as possible.** If for any reason they can get it from their doctor before we can get it to them through the Pharmacy Partner Program on our campus. please encourage them to do so. I know that means leaving the campus but if they follow appropriate mask wearing and hand hygiene protocols, it could be worth it. So please contact your loved one's Doctor's office.

- Join us today at 4:30 for a National moment of silence for unity and to honor those lost to COVID. We will pray together on our Luther Manor TV our usual morning prayers. Join us if you can!

## MORNING OPENING PRAYER

We pray to you, Almighty God, in this time of the Coronavirus. You are our refuge and strength, a very present help in time of trouble. Do not let us fail in the face of this evolving event. Uphold us with your love, and give us the strength we need. Help us in our confusion, and guide our actions. Heal the hurt, console the bereaved and afflicted, protect the innocent and helpless, and deliver any who are still in peril; for the sake of your great mercy in Jesus Christ our Lord. Amen.

## MORNING CLOSING PRAYER

Loving and compassionate God, you are our comfort and strength in times of sudden disaster, crisis or chaos. Surround us now, O Lord with your grace and peace through crisis. By your spirit, heal those that are ill, sustain those that give care, give peace to the lonely, console, rebuild and fill us with the hope of your new creation; all through Jesus Christ, our Lord. Amen.

## Campus Update

- We just found out that one of our Courtyard, two Health Care Center and four Terrace Supportive Living residents tested positive for COVID-19. As a result, we transferred all of these residents to our COVID Specialty Unit in the Health Care Center. The Department of Health has asked us to remain in quarantine. We will be retesting all Courtyard, Health Care Center and Terrace Supportive Living residents again Thursday of this week. We will continue to work closely with the Wauwatosa Department of Health to ensure precautions are being followed to help mitigate the spread and remain flexible with any changes to their guidelines.
- Results of the routine twice weekly Health Care Center staff testing found that two Health Care Center employees tested positive for COVID-19. Results from our weekly Courtyard and Terrace staff testing also had two Terrace and one Courtyard staff member test positive. We continue working closely with the Wauwatosa Department of Health on steps to contain the spread and as always, will keep you informed.
