A Life Plan Community

Luther Manor Continuing Precautions Related to COVID-19

January 13, 2021 5:03 pm

The safety of our residents and staff remain our top priority and we will continue with our protocols, precautions and daily screening of staff and all Health Care Center and Assisted Living Residents. All visitor restrictions remain.

Thank you for your support, partnerships and commitment to our residents and staff as the pandemic continues to evolve. Please continue to connect with your loved ones as often as you can. Don't forget our Sharing God's Love team is here to help! Just email SharingGodsLove@LutherManor.org to get started.

Campus Happenings

- We received an update from the state that our Assisted Living and Independent Living residents are now authorized under the State's Pharmacy Program to begin receiving the vaccine. We are very excited for this, and I know our residents and you are as well. It has to be the most commonly asked question of the new year:)

Now, one thing that is not confirmed is a date that these vaccines will be administered. We are pushing to get this information from our contact at Walgreens and will be sure to share this as soon as we can.

Campus Update

- Results of the Supportive Living resident tests from yesterday are back and all were negative. As a result, we will retest all Supportive Living residents again next week Monday. We appreciate your partnership in your loved ones care! We continue working closely with the Wauwatosa Department of Health on steps to contain the spread and as always, will keep you informed.
