## Luther Manor Continuing Precautions Related to COVID-19

December 30, 2020 4:49 pm

Good Evening from Luther Manor. The safety of our residents and staff remain our top priority and we will continue with our protocols, precautions and daily screening of staff and all Health Care Center and Assisted Living Residents. All visitor restrictions remain.

Thank you for your support, partnerships and commitment to our residents and staff as the pandemic continues to evolve. Please continue to connect with your loved ones as often as you can. Don't forget our Sharing God's Love team is here to help! Just email [SharingGodsLove@LutherManor.org](mailto:SharingGodsLove@LutherManor.org) to get started.

### Shout Outs of Thanks!

- **Thank you, Lands End, Kingo Lutheran, JOMM (Just One More Ministry) and Tim and Margaret Schoewe and others** for the beautiful winter coats we were able to share with those that had a need. There are so many things we take for granted and with this Christmas season being like none other, these blessings and reminders help keep us grounded and focused on our mission and just doing good for others. I keep thinking of "time, talent and treasure" and these winter coats and wonderful partners touched all three of those beautiful letter T's!

### Campus Update

- Our regular routine testing in the Health Care Center returned two positive staff members and one positive resident. These staff members have gone into quarantine, additional contact tracing has been completed and residents and staff who may have had direct contact with these individuals have been notified. The resident that tested positive has been relocated to our specialty unit dedicated to COVID. No other residents or staff are experiencing signs or symptoms of COVID. We will be retesting our residents in these units, as well as continue with our routine staff testing. We will continue to work closely with the Wauwatosa Department of Health to ensure precautions are being followed to help mitigate the spread and remain flexible with any changes to their guidelines.
- We are eagerly anticipating our Health Care Center vaccination day next week Tuesday and plan for a great turnout. If your loved one is in the Health Care Center, please remember to turn in their vaccination forms (both the Luther Manor and Walgreens forms) as soon as you can. I have attached them for your benefit and have also attached the Moderna vaccine fact sheet.
- Although we were told that any unit on quarantine will not be able to receive their vaccine, we have great news in that we were able to work out with Walgreens to have one of their pharmacists go into the units (in full PPE) to administer this first dose. In order to receive the vaccine, the staff and residents cannot be symptomatic nor currently be COVID positive. Thank you to Walgreens for being flexible and finding a way to do what is right for those in need!
