

## Luther Manor Continuing Precautions Related to COVID-19

January 29, 2021 4:38 pm

The safety of our residents and staff remain our top priority and we will continue with our protocols, precautions and daily screening of staff and all Health Care Center and Assisted Living Residents. All visitor restrictions remain.

Thank you for your support, partnerships and commitment to our residents and staff as the pandemic continues to evolve. Please continue to connect with your loved ones as often as you can. Don't forget our Sharing God's Love team is here to help! Just email [SharingGodsLove@LutherManor.org](mailto:SharingGodsLove@LutherManor.org) to get started.

### Shout Outs of Thanks!

- **Thank you, to Char Ball, Jennifer Seaver and Kathi Brueggemann** for all the administrative work and chasing people and forms down for their vaccines and to **Karen Yust**, our Infection Control Nurse for coordinating all those forms and the Walgreens relationship. All while doing their day jobs during a pandemic:)
- **Thank you to our Facilities, Observation Nurses and Material Handling** teams for setting up all the vaccination stations and observation spaces. The below photo from our first clinic was detailed by space, PPE, wipes, trash cans and traffic flow, all to make a challenging task look easy! Walgreens informed me of another location that cancelled their clinic that was scheduled for the week after ours because they did not have the capacity to set up the clinic. This team would never let that happen!
- **Lastly thank you to all our residents and staff and all of you, our supporters** for looking out for others, by agreeing to get vaccinated and/or helping your loved ones make this decision. Although the decision seems easy to me, the internet and media have not helped people make this decision to be vaccinated any easier! Bravo!!!!

## Campus Happenings

- We are beyond excited to be holding our second vaccination clinic, where Health Care Center residents will be getting their second vaccination and now the Courtyards and River Oaks Assisted Living residents, the Terrace Independent Living residents are getting their first. If you are helping your loved one with their forms please be sure to get it back to your respective program areas contact as soon as possible. We need to enter all data into the Walgreens database and with 400-500 people getting vaccinated next week there is a lot of preparation underway. If you have any questions, please let us know. Here are the contact persons once again for all program areas.
