Luther Manor Continuing Precautions Related to COVID-19

February 10, 2021 4:39 pm

The safety of our residents and staff remain our top priority and we will continue with our protocols, precautions and daily screening of staff and all Health Care Center and Assisted Living Residents. All visitor restrictions remain.

Thank you for your support, partnerships and commitment to our residents and staff as the pandemic continues to evolve. Please continue to connect with your loved ones as often as you can. Don't forget our Sharing God's Love team is here to help! Just email SharingGodsLove@LutherManor.org to get started.

Shout Outs of Thanks!

- **Thank you, Paige, Tess, Eleanora, Quinn and Emily from DSHA** for showing us what giving is by your steady stream of cards, pictures, stories and little gifts. Your generosity is for all of us to emulate! We will share each with our residents in greatest need!

Campus Happenings

- Please join us for our Strong Women Virtual Brunch on March 11th. Proceeds support Luther Manor's mission to share God's love by enriching the lives of older adults. This is accomplished in our care for residents, the programs we provide and the growth and development of employees and volunteers who deliver our mission each day. To register, go [here](#). Information about the Strong Women campaign can be found [here](#). All registrants will receive an event box.

Interested in becoming a sponsor? Please contact Cherie Swenson at cswenson@luthermanor.org or 414.831.8950.

Campus Update

- As a reminder, our process and guidelines for indoor visits have not changed and were initially created with the recommendations we received from the Department of Health and the CDC.

These guidelines include **visits during a designated and scheduled time and day to allow for proper social distancing, as well as cleaning and disinfecting by our staff for each area.** The visitor must be **masked and screen-in including having their temperature taken, they must follow the most direct route to the designated visiting location and we ask that they not engage with other staff or residents along their way. If a visitor is not feeling well or has any COVID-19 symptoms we ask that they not visit.** We will routinely clean and disinfect the entrances, hallways and high touch surfaces areas based on this visit schedule. Visiting other parts of the campus is not allowed at this time nor are pet visits. Visitors are allowed to bring treats, personal items, gifts, etc. with them as they come in. If you are new to our visiting spaces they do include plexiglass dividers. Each program area has some unique information they will share with you as you schedule your visit.

We know these are a lot of rules and restrictions and we appreciate your cooperation, as we try our best to meet the ongoing needs of our residents and their families while keeping the entire campus safe.
