

LUTHER MANOR

A Life Plan Community

Luther Manor Continuing Precautions Related to COVID-19

February 3, 2021 4:12 pm

The safety of our residents and staff remain our top priority and we will continue with our protocols, precautions and daily screening of staff and all Health Care Center and Assisted Living Residents. All visitor restrictions remain.

Thank you for your support, partnerships and commitment to our residents and staff as the pandemic continues to evolve. Please continue to connect with your loved ones as often as you can. Don't forget our Sharing God's Love team is here to help! Just email SharingGodsLove@LutherManor.org to get started.

Shout Outs of Thanks!

- Thank you to the members of our Luther Manor Vaccine Subcommittee who have been meeting since last year to plan and organize our vaccination clinics, and thank you to everyone who set up the locations, those who assisted with transportation, nursing observation and traffic control. To those who facilitated scheduling appointments, kept track of all the paperwork, worked with residents and families to authorize the vaccine, helped staff overcome concerns and to those who helped with communications. Our one day total of nearly 500 vaccinations was among the largest that Walgreens has administered. The best news is that individually and collectively, we have taken another important step in protecting our residents and staff from the virus, and toward ending this pandemic.

Campus Happenings

- Our second vaccination clinic was a huge success yesterday! Here are a few shots from both clinics and a couple of post vaccine interviews. Many second vaccinations and many first, yet none having serious side effects to report! Here are a couple of inspirational experiences by Barb and Shari that we just posted on Facebook! Also, below is a great before and after shot of Peter who got his second yesterday, as well as both of our clinic and observation areas. And yes, the fireplace and relaxing music helped calm any anxieties!
