Luther Manor Continuing Precautions Related to COVID-19

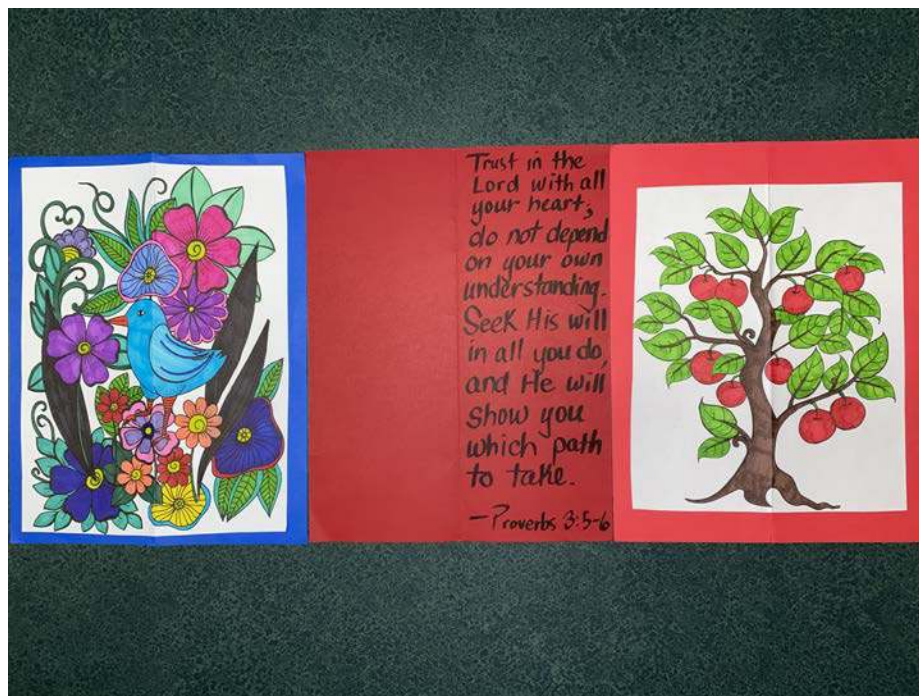

March 26, 2021 4:52 pm

The safety of our residents and staff remain our top priority and we will continue with our protocols, precautions and daily screening of staff and all Health Care Center and Assisted Living Residents. Visitor protocols are evolving at this time, yet restrictions remain in place. If you have any questions please let us know.

Thank you for your support, partnerships and commitment to our residents and staff as the pandemic continues to evolve. Don't forget our Sharing God's Love team is here to help you share encouragement with residents and our staff. Just email SharingGodsLove@LutherManor.org to get started.

Shout out of thanks!

- **Thank you, to Anna Mae Anderson's family** who dropped off individually packed gourmet popcorn for the Health Care Center 2nd floor staff! Yum!!!!!!
- **Thank you, to the anonymous donor** that colored and used near perfect penmanship to create these 20 or so beautiful colorings and biblical passages, we received these back in December. We have been showing them and reading the passages on a rotation ever since during our morning prayer and update on Luther Manor TV. As you can imagine they are a great source of strength and affirmation for our residents. God bless you for these beautiful pieces!

Campus Update

- We are excited to announce the re-opening of our Courtyard dining room to about 30% capacity of our dining room, effective Monday, March 29th. We leveraged the lessons learned from when we reopened our Independent Living Park Terrace dining room and adjusted protocols for Assisted Living. We will rotate residents that dine in, based on where their apartment is located and the day of week, so all get a chance to socialize while breaking bread with their friends and neighbors. For residents who will not be in the dining room, we will deliver meals to them and 30 minutes later from when we serve in the dining room. Because we have to limit the number of people dining together it will take us two weeks to allow all residents to rotate through. Residents will enter the dining room through one door and exit from another, and will be spaced 6-8 feet apart. Hand sanitizer stations have been added for residents to use as they arrive and depart. The dining music is ready and our wonderful Dining Service and Resident Care Associates are ready to help guide and assist residents for a pleasant experience. We hope this added social interaction is as successful as it has been in the Terrace. We expect to tweak things as we go and will assess next steps toward increasing capacity in the dining room after a successful few weeks.

Campus Happenings

- Another step in our reopening plan was implemented this morning! A weekly shopping trip! Here the first six residents start their shopping journey with Paul our shuttle driver! Ah the simple things in life!
