

Luther Manor Continuing Precautions Related to COVID-19

April 2, 2021 7:12 pm

The safety of our residents and staff remain our top priority and we will continue with our protocols, precautions and daily screening of staff and all Health Care Center and Assisted Living Residents. Visitor protocols are evolving at this time, yet restrictions remain in place. If you have any questions please let us know.

Thank you for your support, partnerships and commitment to our residents and staff as the pandemic continues to evolve. Don't forget our Sharing God's Love team is here to help you share encouragement with residents and our staff. Just email SharingGodsLove@LutherManor.org to get started.

Shout out of thanks!

- **Thank you, to the daughter of Evelyn Marbles who** recently brought in bottled water for our Health Care Center - Home 2 staff.
- **Thank you,** to the anonymous author of all of these notes of encouragement! They are very bright and cheerful and we know our residents will love them.

Campus Update

- Thank you for your patience as we waited for final Courtyard test results to come back from the lab. It was worth the wait, as I am excited to share that the Courtyards resident and staff COVID tests are back and are negative! Because of this, we will continue with our Phase III reopening plans. Residents who are

LUTHER MANOR

A Life Plan Community

scheduled to leave campus with loved ones on Easter were given the green light and our expanded in-person visitation schedule will begin on Monday, April 5th. Other aspects of our reopening will also begin; however, because of all the visits and Easter trips we will be postponing our dining room reopening until Tuesday, April 6th. All other program area reopening plans remain unchanged and will happen as planned.

- Thank you to all of our staff that are working tirelessly to ensure the upcoming enhanced visits are organized and facilitated in the safest manner possible! If you can imagine new way finding signage, more screenings and temperature taking, additional disinfecting and re-disinfecting, scheduling visits and prepping your loved ones for the big reunion, all while maintaining resident care, activities and enrichment creates a few challenges.
- **Wishing you all a very Happy Easter!** *"Christ the Lord is risen today, sons of men and angels say. Raise your joys and triumphs high; sing, ye heavens and Earth reply."* Charles Wesley
