

Luther Manor Weekly Happenings and Updates

June 30, 2021 5:30 pm

The safety of our residents and staff will remain a top priority long after COVID-19 becomes a thing of the past! It's hard to put our arms around these past 15 months and where we would be without our incredible staff, our residents and all of you! Thank you for your support, and partnerships from before COVID-19 through today.

Looking for a way to continue to support seniors outside of your loved ones, please continue to email SharingGodsLove@LutherManor.org with your encouragement or if you think of other ways you can make a difference. Time, talent and treasure continue to come to mind as we are often asked "what can I do?". Think through those opportunities, act on them and us you will make a difference!

Survey Results

- The tallies are in from our evening update survey and 86% of you felt like a weekly update was sufficient, so we will be switching to that format as of this week. Our next update will be next week Wednesday and each Wednesday thereafter. Of course, if there are significant updates related to visits, COVID-19 or other pressing matters we will be sure to share that information and not wait for the next Wednesday.

Please remember, if you requested information or assistance when you completed your survey, but you do not recall if you typed in your email address please reach back out to me so I can follow through on whatever needs you may have. If you did not enter your email address, I do not have access to know who you are to be able to follow up with you.

Based on popular demand we will do our best to share content most interesting to all of you, based upon the survey results. From the survey, the information of most interest in order of ranking:

- Visitation changes, quarantine updates (COVID-19, Influenza's, Norovirus, etc.)
- Life Enrichment Activities
- Holidays
- Reinforcing our faith-based mission.

Of course, we will be limited to what is new and will do our best to share what may be deemed interesting:)
