

Luther Manor Weekly Happenings and Updates

September 8, 2021 5:52 pm

Campus Updates

- Fun to share some more awesome pictures of the grounds around our campus that the residents get to enjoy! These photos were once again taken by Laurie Karrels, our Move-In Coordinator for the Terrace Independent Living program. Thanks for your artistic eye and sharing Laurie! It's great to be reminded of the beauty all four seasons provide our residents!

- The positivity rate in Milwaukee County has dropped below 10% for the second two-week cycle, which normally would have us return to a weekly testing cycle for unvaccinated staff. However, the rate has been rising in the last few days and factoring in the holiday weekend, return of many large public events such as the State Fair and Summerfest, and school restarting, we felt it was prudent to continue testing all non-vaccinated staff on our Wauwatosa Campus twice a week.
