Luther Manor Weekly Happenings and Updates

October 13, 2021 5:05 pm

Campus Updates

- Following up on our ongoing testing and re-testing of residents and staff, there are no new cases. The second round of resident testing is complete and we are awaiting the results. Staff members' second round of tests continue based on schedules. We hope to have all the results soon.

With the changes in guidelines from the CDC, visitors are still allowed in our 2nd Floor Home area of the Health Care Center while we are in COVID outbreak status. This is different from past quarantine status when a COVID case was detected on a unit or in a program. In order for these visits to continue the following requirements are in place to keep residents and staff safe:

- We will communicate when we have a case in a particular area
- All visitors are required to use hand sanitizer when entering the area and we encourage you to use it throughout your visit
- Please try not to touch high-contact areas in resident rooms such as bed trays
- You must wear a face mask for your entire visit, even when you are alone with the resident
- Visit only in the resident rooms or apartments, no common area visits are allowed
- If you are not feeling well in any way, please refrain from visiting until you are better

We will send another update, as soon as we get the test results in.

- We do not get to share these often enough, yet today we celebrated another employee that has spent 40 years Sharing God's Love here at Luther Manor. Dorothy Kendler, our Director of Materials Management, started as a caregiver and now leads a challenging environment where PPE and all supplies are so essential. We do not know where we'd be without her 40 years of passion, dedication and hard work. Thank you Dorothy!

A huge thank you to our Courtyards residents for making Dorothy's poster too!
