

## Luther Manor Weekly Happenings and Updates

October 4, 2021 5:39 pm

### Campus Updates

- Following up on our ongoing testing and re-testing of residents and staff, we wanted to let you know that one resident in our Health Care Center and one in our Courtyards Assisted Living Units did test positive for COVID-19. All staff and the families of those having loved ones who may have had direct contact with this resident have been notified. If you haven't received a call from us, your loved one is not affected. The two residents have been transferred to our separate observation unit in the health care center that is designed to care for COVID-19 patients. The residents will not be able to have visitors until the specific time in the recovery unit has passed. We continue to retest all residents in these areas and continue testing all staff in the units as well.

With the changes in guidelines from the CDC we do not need to quarantine both areas, as we do not have active cases in them.

- This past Saturday our Terrace Independent Living Residents celebrated the coming of fall with a little Oktoberfest celebration. Thank you to Matt Stephens from Life Enrichment for kicking off this new tradition and our sponsors for helping bring the cheer!
