

Luther Manor Weekly Happenings and Updates

October 6, 2021 4:47 pm

Campus Updates

- Following up on our ongoing testing and re-testing of residents and staff, we do not have any new positive cases of COVID-19. One of the two residents from the Courtyard has cleared their quarantine and has been transferred back to their apartment today. We continue to use our separate observation unit in the health care center that is designed to care for COVID-19 patients for anyone that may need this special care. We also continue to retest all residents and staff from any areas that had a positive case and follow the required protocols for retesting until we achieve two properly spaced COVID tests that come back negative for all staff and residents.
- A highlight for our residents was being able to reopen a little while back... Our train room! Run by a dedicated group of volunteers that are back to their train day every Thursday, which brings much joy! We look forward to when we can co-mingle residents again for all programs to enjoy this hidden gem!
