

## Luther Manor Weekly Happenings and Updates

October 27, 2021 5:42 pm

### Campus Updates

- Following up on our ongoing testing and re-testing of River Oaks residents and staff, there are no new cases anywhere on the Wauwatosa campus or River Oaks - knock on wood!. The second round of resident and staff testing is complete and all test results came back negative. We still have the one resident who will remain in quarantine until October 31st to help everyone in the program safe.
- We are excited to share some great pictures from the violin recital we held for our Health Care Center residents on Monday. Violinist, Lisa Kirsten, joined our very own Yaping for a duo. It was so great to see the soothing effects music has on our residents.

- We implemented one of our proactive security objectives earlier today by completing a routine exterior door lock change throughout the campus. The change was communicated to Terrace residents and today, we exchanged keys in our Atrium. We are arranging additional times for those who couldn't make it today.

The keys have a larger square head, which will allow for easier identification and also allow for an easier grip on the key when using.

- Reminder, our COVID Vaccine Clinic is set for Saturday, November 13th for all residents and staff. This clinic will include options to receive the 1st, 2nd or booster dose of either the Moderna or Pfizer vaccine. The clinic will run from 8:00 am - 5:00 pm in our Faith and Education Center for staff and all Health Care Center and Courtyards residents. We've again arranged to make this easy for our Terrace residents by offering a second location in the Linden Room. Staff will work with all residents to register them for an appointment and to complete the necessary paperwork. Terrace residents will need to present their

vaccination card and insurance information to schedule an appointment and at the time of the vaccination.

- Our phone issues are still going on. Unfortunately, our telephone provider learned that this is a multi-state issue and they continue to work towards a resolution. We will keep you and our residents informed as this gets resolved.
