LUTHER MANOR

WINTER 2022

A MESSAGE FROM OUR CEO

Stephanie Chedid
President & CEO

60 years of sharing God’s love by enriching the lives of older adults - that’s something worth celebrating! 60 years of being counted on to provide quality care. 60 years of strength and stability for all who trust us to care. For residents, we’ve been a forever home. For family and friends, we’ve been a lifeline. For staff, we’ve been the bedrock of a meaningful career. 60 years means we haven’t forgotten who we are and that we’re as excited as ever for who we’ll become.

What began as the seed of an idea from local congregations has grown into an expansive Life Plan Community in Wauwatosa and an Assisted Living community in Mequon. Just ask around. Everyone knows someone that Luther Manor has been important to. That says something. It says that generations have chosen and trusted us to care for them and their loved ones. It says that you can trust us, too - for the next 60 years and counting!

In this issue of **Abundant Living**, you’ll find inspiring stories of the community we share at Luther Manor found in the lives of our residents, their families, our staff, volunteers, and our many generous donors. You’ll get to look inside our daily activities, experience celebrations and see the many faces of those who make Luther Manor so special!

As always, I hope our publication inspires you to step boldly in faith to serve others as we fulfill Luther Manor’s mission together. Thank you for making Luther Manor a priority in your life and have a wonderful new year!

CELEBRATING 60 YEARS OF SHARING GOD'S LOVE

60 YEARS OF ABUNDANT LIVING BECAUSE OF YOU!

June of 2021 saw Luther Manor begin to celebrate 60 years of sharing God's love! Since we laid the cornerstone of Luther Manor in 1960, our unwavering mission has been to share God's love by enriching the lives of older adults. Our journey began in the fall of 1956 when Rev. William B. Downey, pastor of Fox Point Lutheran Church, appointed a committee to study the needs of the area's older adults and how to best meet them. The committee recommended building a 65-person care center to serve the aging population of the greater Milwaukee area. From this, the nonprofit, faith-based United Lutheran Program for the Aging (ULPA) was born with the mission to advocate for the needs of older adults of all faiths.

After years of planning, the ULPA purchased an expansive park-like setting in Wauwatosa and began construction on a 97-bed residential retirement community. Today, Luther Manor has grown to a community of some 400 employees and 100 volunteers who help support the happiness and well-being of nearly 400 residents.

Pictured above: Our first dining room. **Pictured below:** Pastor Truby & the Luther Manor board; Our groundbreaking ceremony in 1959, featuring current Luther Manor resident, Marge Jothen, wearing the pink coat in the center!

HIGHLIGHTS FROM OUR LAST 60 YEARS

- 1957 United Lutheran Program for the Aging (ULPA) formed
- 1959 Luther Manor has its ground-breaking ceremony
- 1961 Luther Manor's first volunteer group, "Bucket Brigade" formed
- 1970 Luther Manor Health Center opens
- 1973 Garden Terrace apartments open
- 1981 Luther Manor Residence opens - later renamed "The Courtyards at Luther Manor" (CALM)
- 1985 Luther Manor Foundation begins
- 1990 Park Terrace apartments open
- 1990 Lippold Faith and Education Center opens
- 2000 Luther Manor at River Oaks acquired
- 2007 Luther Manor Hospice begins
- 2008 Luther Manor Rehabilitation Center Services begin

TEAM EFFORT LEADS TO TEAM APPRECIATION

A GIFT TO STAFF FROM OUR RESIDENTS

In recognition of their many contributions and outstanding commitment to our residents, our staff celebrated in the Welcome Center with a special Christmas treat and presentation of a year-end bonus from our residents and from Luther Manor.

Each year, our residents and families donate money to the TEAM Appreciation Fund in lieu of gifts to thank the staff for all they do, all year long. This year, because of their incredible efforts as the COVID pandemic continued and because they took the step to become vaccinated to help

protect our residents, Luther Manor added money to this resident-funded holiday bonus. This extra step showed how committed our staff is to our residents and to one another.

TEAM APPRECIATION Fund
2021

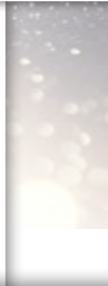

Clockwise, top to bottom: Luther Manor staff picked up a giant cupcake of their choosing and a gift bag which included candy, a Christmas card, and a note indicating that they would be receiving a bonus, in part, from our residents.

SHINING A LIGHT OF HOPE

Every December, during our annual "Love Lights" event, we gather in the darkest season to shine the light of hope. No matter that darkness, the light of our loved ones can never be extinguished. We fill our campus with strands of light to comfort us in our grief and find joy in the love we share with one another. Residents, families, staff, and neighbors make donations in honor or memory of their loved ones, so each light reflects someone we love. The 2021 lighting ceremony was held December 10th & broadcast via Facebook Live as well as on our in-house channel 956. Special Love Lights meals were enjoyed in our restaurants & delivered to residents' rooms in celebration of another year of being together, even when we have to be apart!

Visit luthermanor.org/lovelights to donate in honor or memory of your loved one and to watch our 2021 Love Lights program

AN ANNIVERSARY OF ANTIQUITY

30 YEARS OF THRIFTY DEALS & FOUNDATIONAL SUPPORT

The Den of Antiquity will be celebrating the venue's 30th Anniversary this fall. Sister Rose Kroeger, former Den Manager and the last Lutheran Deaconess residing at Luther Manor, identified an opportunity to help support residents that had outlived their financial resources. Originally donated items of clothing, household items and furniture were saved throughout the year. "Maxwell Street Days" sales were held in the HCC Activity Room and the former Chapel by a dedicated crew of volunteers a couple of times a year. All the proceeds from the sales were designated for the Luther Manor Foundation. Remaining items after the sale were donated to a resale shop owned by a group of Native Americans near the 6th Street Bridge.

Sister Rose gives credit to the good Lord above for giving her a dream/vision of a permanent resale store at Luther Manor that could be open year-round to raise funds for the Luther Manor Foundation. With the approval from Pastor William Truby, President/Executive Director, a space that was formerly used by Central Supply was the first location of the Den of Antiquity. Shelving was purchased from a pharmacy located on 124th and Capitol Drive that was going out of business. Sister Rose had seen the title "Den of Antiquity" while cruising to the San Juan Islands. With administration approval, the "Den of Antiquity" opened on October 22, 1991. Soon the Den of Antiquity outgrew the initial space and the Den of Antiquity moved to its current location that was at one time used for therapy, a wheelchair cleaning/

repair shop and laundry/housekeeping storage. New display cabinets were built by Terrace volunteers in the wood shop. The Den Furniture room was recently added to house and display donated furniture for sale.

Recently re-opened after a pause due to COVID-19, the Den has been blessed with many hard-working volunteers throughout the years. Luther Manor volunteer Carol Coraggio remains as a Charter Volunteer of the Maxwell Street Days and the Den of Antiquity. The legacy of Sister Rose, faithful Den Volunteers, donors and customers continues to support the Luther Manor Foundation with proceeds nearing \$600k. According to Sister Rose, "The Lord has blessed this venture as a ministry."

STRONG WOMEN

2021

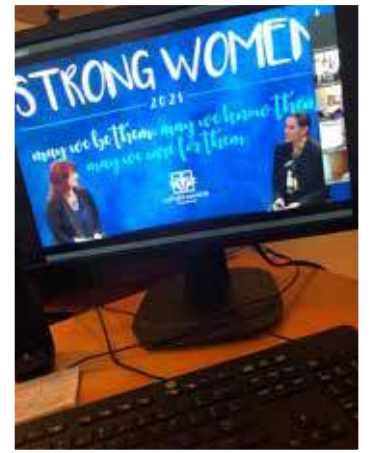

*may we be them. may we know them.
may we care for them*

Each year, the world celebrates strong women on International Women's Day. At Luther Manor, we celebrate them every day. We know them, we care for and about them, and we strive to be just like them. On March 11, 2021, we hosted a virtual brunch celebrating our 2021 class of Strong Women. We had 180 registrants and guests from five states, including North Carolina, Florida and Arizona.

All year long, at luthermanor.org/strongwomen, you can give in honor of a strong woman in your life, read the extraordinary stories of Luther Manor women that we have acknowledged and celebrated in years past, and watch previous Strong Women programs..

Our 2021 honorees, pictured below, were:

(Top, left to right) Julie Jolitz, Jackie Holloway, Deborah Jones, Sharon Porfilio, (Bottom, left to right) Cathy Lee, Joyce Heinrich, & Toy "Jane" Chin.

Thank You to Our Sponsors!

INDEPENDENT, YET SUPPORTED

A STORY OF SUPPORTED LIVING

"I remember waking up one morning and I noticed that I couldn't get my legs moving. It scared me. My next thought was, 'I don't want to leave my apartment.'" These are the words of 103 year old Luther Manor resident & supportive living participant, Marian Thielke, but her words just might echo your own or that of your loved one.

The goal of independent living is to stay as independent as long as possible. Sometimes, though, help is needed. For the last two years, Marian and her family have been very grateful for the help they have been provided through Luther Manor's Supportive Living program.

forward to their visits! In some ways, they're like another arm when I'm taking a shower, or the extra help I need when the distance I need to travel is a little too long to walk. I've been here for 23 years and because of supportive living, I still get to do all the things I love to do and stay in the apartment I'm so comfortable in."

Marian's daughter-in-law, Ruth, agrees that Supportive Living at Luther Manor

"I still get to do all the things I love to do and stay in the apartment I'm so comfortable in"

Marian recalls, "I called my son that morning and said to him, 'I think I need some extra help.' The next thing I knew, my apartment was filled with people who wanted to provide that help and let me know what options were available." After some thought and consideration, Marian and her family decided to sign up for the first level of supportive living help. "I was concerned about the cost of it, of course, but my son reminded me that it was affordable and that the value of the benefits would outweigh the expense of it. That has certainly been true."

Marian gets help showering, taking trips to Luther Manor's convenience store and beauty parlor, as well as arranging transportation when she has appointments outside of Luther Manor. "I really love the people that take care of me and look

has been a blessing. "We looked at other options, discussed the advantages and disadvantages of each, and came to the conclusion that this program was right for Marian. It's been a great way to manage her health and safety and for us to know that she's getting all the help she needs when we can't be there."

"I didn't want to be a burden on my kids," Marian said. "They have their own lives and live in various places, and it's not fair to expect so much of them when the help I need is right here whenever I need it!"

What's Happening @

LUTHER MANOR

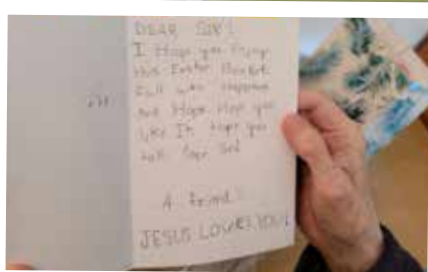

A Life Plan Community

We were thrilled to announce that scheduled indoor visits have begun. Visitors were asked to be masked and screen-in as they entered, and were allowed to bring treats, personal items, and gifts with them. Visiting spaces included plexiglass dividers.

One of our family members dropped off 2 Easter baskets, one for their loved one and another one "for a resident who is without a family." Here's James, our happy recipient - or as our gift giver called him, "Mr. Sir."

In early April, all three areas of care at Luther Manor opened up for visitation for families & friends! In celebration, we made sure every visitor knew that we were thrilled to welcome them back!

For more, find
Luther Manor on Facebook!
facebook.com/luthermanorwi

Centenarian celebrations at Luther Manor looked different in 2020 & 2021, but they kept coming! Pictured to your left, top to bottom, are Lu (106 years old), Norma (100 years), and Millie (102), all of whom celebrated another birthday in 2021! Happy Birthday to all our centenarians and may God bless you with many more!

We had the most brew-tiful Oktoberfest celebration in The Terrace with 90+ un-beer-lievable people! Proof positive that age is just a number and NOTHING can come beer-tween our residents and a good time, here at Luther Manor. After all, with everything going on in this brave new world of ours, one must ALWAYS appreciate God's greatest gift - the gift of life - by enjoying music, rejoicing in friendships, and loving your community. Thank you so much to our sponsors for this event: Pabst Blue Ribbon, John Amato Chrysler Dodge Jeep Ram of Milwaukee, Klement's Sausage, and to our musical guest, POLKA JOEL!

RE-ENGAGING & RE-IMAGINING VOLUNTEER SERVICES

Volunteer Services was given approval to gradually welcome back community volunteers starting in June 2021. Re-connecting the volunteers with the Luther Manor community was an exciting proposition. Some Departments and program areas changed in response to the COVID Pandemic which led to conversations about what are their current volunteer needs. Will volunteers be open and willing to transitioned to other areas and positions? What health and safety guidelines and protocols do we need to re-educate volunteers? What additional

to once again resume their volunteer service as needed being open to changes, learning new protocols and volunteer positions.

By the end of 2021, Volunteer Services had the opportunity to recognize several community and Terrace resident volunteers for their amazing milestone gifts of time and service ranging from 500 to 35,000 service hours. While the fanfare presentations were perhaps less grand they were still deeply heartfelt by the Luther Manor staff who were just as excited to re-connect

The pandemic has required Volunteer Services to be open to change, be creative, think outside the box and be very flexible.

Personal Protective Equipment (PPE) do they need when directly interacting with residents residing in the Health Care Center and Courtyards. What entrances will volunteers be directed to use and what is Accushield? Which venues may be initially opening with environmental cleaning schedules, certain program areas on designated days and planning for future phases for re-opening remaining venues?

Even though challenging questions, it has required Volunteer Services to be open to change, be creative, think outside the box and be very flexible. As we began to reach out to several of the community volunteers they expressed how much they missed their Luther Manor connection and were ready

with the volunteers. Volunteerism historically is part of Luther Manor's foundation cornerstone since 1961. The Luther Manor community and Volunteer Services are very excited to re-imagine what on-site and virtual volunteer service possibilities will be for the future.

A PERSONALLY SATISFYING DONATION

Independent Living residents, Tom & Joyce Christie, have a special place in their hearts for music and for Luther Manor. They often participate in Luther Manor’s worship services as instrumentalists. Upon first becoming residents, Tom observed something he knew needed attention in the Faith & Education Center (F&E) where Luther Manor’s worship services are held and wanted to do something about it. Tom explained, “I began to notice the less than optimum performance of the piano in the F&E. My wife Joyce and I have been regular donors to Luther Manor since my wife Joyce’s parents lived here in the 1990s and the 2000s, but our donation this year was particularly motivated by what I heard from that piano!”

“As life long musicians and music teachers...this donation is very satisfying to both of us!”

and staff alike are going to benefit greatly from better sounding pianos by hearing music performed on pianos that are in tune and that are functioning at maximum potential,” Tom remarked. “As life long musicians and music teachers, Joyce and I have always spent time and money on maintaining our pianos and personal instruments for our own enjoyment and for the enjoyment of those who listen to us perform on the instruments. This donation is very satisfying to both of us!”

Tom and Joyce made a special donation to help maintain the Baldwin piano in the F&E and the Yamaha grand piano in the Terrace Dining Room, both of which are used by residents, outside performers and the Terrace Singers Choir. “Residents

The Christie’s made a donation to fix and tune two of Luther Manor’s performance pianos.

A CREATIVE RESURGENCE

BY MATT STEPHENS, LIFE ENRICHMENT COORDINATOR

When we held the inaugural meeting of our Creative Writing Club here in The Terrace back in early November, I wasn't sure what to expect. Would people want to participate? Would they come back after the first session? Would they show up at all? All of the fears and anxieties that one experiences when spearheading a new initiative were certainly looming large in my mind.

The idea of starting a Creative Writing Club wasn't entirely new to Luther Manor. Not that long ago, a similar club called the Terrace Creative Writing Group formed and helped write some of the many plays our residents put on each year. The recent resurgence of that idea was the result of a combination of reminiscing, resident feedback and staff suggestions. Once the seed was planted, the idea really began to take on a life of its own. Terrace Director, Kathi Brueggemann, was steadfast in her support, encouragement and, despite her very busy schedule, volunteered to help lead the club.

As of this writing, the Creative Writing Club has met once a month for the last 3 months. Every time we meet, I am truly amazed by what is shared. Sometimes we have prompts for those who wish to use them, but the vast majority of the writing that has been shared is free-form: beautiful poems, deeply personal stories and cherished memories of years gone by.

The benefits have been as numerous as they are self-evident. Each meeting we listen to each other with a keen ear and an open mind. It is through this process that we have forged stronger relationships with each other, learned about people's unique and individual life experiences, seen things through fresh perspectives and worked through difficult and emotional subject matters. The therapeutic benefits of putting pen to paper and letting your thoughts and feelings flow from your mind into sentences and paragraphs have been well-known and well-documented for quite some time.

That being said, it is so much different to experience it firsthand. I could say so much more, but I suppose I will conclude with the words of the great American author E.B. White:

"All writing is communication; creative writing is communication through revelation - it is the self - escaping into the open."

BLOOM!

By Terrace Resident Lucy Fischer

On April 1st, four years ago, we moved into Luther Manor. Uprooted from our home of years. Note the date - April 1st. The end of winter, new leaves on the birches across the parking lot. The first thing I noticed as we drove into the garage was a blooming geranium on the slope beside the garage door. Way too early for geraniums! And an unlikely setting.

Getting acquainted after a few weeks, a neighbor told me that last fall someone had tossed a dead-looking plant off their porch.

What miracle happened? It wasn't dead at all! Somehow it had taken root in the damp soil beneath a heat-emitting vent. And that plant BLOOMED all winter - which happened to be relatively mild, at least by Wisconsin standards.

So here I was in a new setting, uprooted, uneasy. And there was a message - a God-incident? I made new friends, heard their stories. And I found that people who are uprooted in the last stages of life can find a new home to set their roots...and they BLOOM!

I too can BLOOM. I WILL BLOOM!

Pictured above: Terrace resident and Creative Writing Club member, Lucy Fischer shared with us one of her recent writings called, BLOOM!

SEWING & REAPING BLESSINGS

HOSPICE VOLUNTEER MAKES BEARS & BLANKETS

Two of the many things that Luther Manor depends upon are our volunteers and their creative ideas. So when Jennifer Oakes, Volunteer Coordinator for Luther Manor Hospice, got a call from Dianne, a local, 84-year-old who had expressed a desire to volunteer through her gift of sewing, she began brainstorming!

"Debby Boyd, our Hospice Director, has worked in hospice for over twenty years. She knew about other memory bear programs in other hospices and proposed we do something similar," said Jennifer. Memory bears are created to help comfort grieving loved ones by making a bear

his skin," Jane says touching the bear. "When I'm holding it, I'm close to him."

With memory bears still being freshly made, a new idea was hatched for Dianne to take on: fidget blankets for dementia patients. Jennifer shared, "I remember a nursing student from Bryant Stratton college came and did a presentation for us on how critical fidget blankets are for stress reduction, nervous system regulation, and tactile stimulation for these patients. We knew we had to get that program going." Fidget blankets are lap-sized quilts with things

like thread bobbins, baby toys, and rattles securely fastened to it. Jennifer asked Dianne about it. "She said, 'You know me, Jen. I'm always up for

"She had lost people in her own life. Ultimately, she wanted to bring that same care and comfort to others who were grieving."

out of their loved one's favorite piece of clothing - whether that be a shirt, bow tie, or dress. "Dianne had begun sewing bears because she had lost people in her own life and found making the bears very comforting. Ultimately, she wanted to bring that same care and comfort to others who were grieving," Jennifer remarked. While the making of the bears is done voluntarily, donations are encouraged and a person can request as many bears made as they wish. "We've had one bear, three bears, and even twenty bears made for one person," said Jennifer. "Certain family members requested different pieces of clothing that meant something special to them." Resident Jane Chin lost her husband, Chuck, in June 2020 and has a memory bear. "This was on

something new!" So she did some research on what fidget blankets were and how to best make them. They turned out so great!" Dianne added, "Making the bears and blankets gives me the opportunity to help others right from my home. It's an adventure to take someone's precious memory clothing and turn it into a bear they can love!"

Luther Manor's Hospice program is unique in that it offers many complementary therapy programs: things like music therapy, pet therapy, art therapy, aromatherapy, acupuncture, and reiki massage. Now, they offer memory bears and fidget blankets! Both of these new offerings were born of one person's desire to use their gifts and volunteer.

Pictured Left: (Top) Sandy Wals had dozens of bears made from clothing her Mom and Dad wore. She gifted them to her family and a hospice nurse who was especially close to her Mom. (Bottom) Fidget blankets are colorful and vary in the tactile objects that are sewn to them.

WHAT GIFTS HAVE YOU BEEN GIVEN?

LUTHER MANOR RECOGNIZED & HONORED IN 2021

2020 was a challenging year, but it ended with our staff earning 3 distinct honors for their exceptional work:

We were named one of **America's Best Nursing Homes for 2021** by **Newsweek magazine**

We were chosen as a **Notable Hero in Health Care** by **BizTimes Media**

We were identified as one of the **best senior living communities for 2021** by **A Place for Mom and SeniorAdvisor.com**

We simply would not have made it through a challenging 2020 and received these awards without the extraordinary efforts of each and every staff member.

A STEADY RETURN TO **NORMAL**

COVID-19 VACCINES & IN-PERSON VISITS ARE BACK!

With several COVID-19 vaccination clinics held (including boosters) the immunization of several hundreds of residents and staff, and a return to in-person, face-to-face visits, things are returning to normal at Luther Manor!

We remain dedicated to safely and surely returning back to the people and things we miss the most.

Pictured right: Vaccines made their way to Luther Manor in early 2021 and we had huge turnouts from both residents and staff members.

A VOLUNTEER **SNAPSHOT**

A number of Terrace residents enjoy watching the colorful finches that reside in the Park Terrace Bird Aviary. They bring a bit of nature indoors all year with fun names like Chippy, Cup Cake, Daisey, Ruby and Scarlet. Every other day, Luther Manor volunteer, Gary Simandl, wheels his cart of supplies to the 2nd floor atrium. With soft music playing in the background, Gary carefully opens and secures the door entrance so he can clean and refill their water and seed dishes. Cuddle-bones and egg shells are added to help the bird's digestive system and keep their beaks sharpened. Gary keeps in touch with the Serenity Aviary Specialist that comes to check on the health of the birds providing information on any observed changes or concerns with the birds. Thank you, Gary, for providing loving care to our special friends!
