

LUTHER MANOR

A Life Plan Community

Luther Manor Weekly Happenings and Updates

March 23, 2022 4:31 pm

Campus Update

- With the drop in the COVID positivity rate in our area comes more relaxed protocols. We are excited to once again, begin steadily implementing our reopening plans to offer residents additional opportunities for safe socialization with each other, as well as with their friends and family! Effective immediately, residents from different program areas throughout our community can participate in events together. This started with worship services and unless there are guideline changes, this will be the standard going forward. Assuming transmission rates remain low, we are also laying plans for the similar changes in our restaurants and dining rooms, as well as for events held throughout the year. Stay tuned for more information as we continue to strive for balanced resident enrichment, while following required and recommended guidelines.

As a reminder, we are governed by CMS and the CDC, which have continued to uphold stricter precautions for health care settings than for the general public. Our reopening plans align with their requirements while continuing to help prevent the spread of COVID and protect our residents.
